BAY AREA CHEMISTRY SYMPOSIUM  
connecting industry + academia

The 5th annual **Bay Area Chemistry Symposium**, an ACS sponsored symposium for Synthesis and Design in Medicinal & Process Chemistry

**WHEN**

Friday, October 25th, 2024

**WHERE**

Robertson Auditorium, UCSF

**Registration is still open!**

This symposium, unique to the Bay Area, will provide an ideal forum for students, postdocs, and industrial chemists to meet and exchange ideas covering themes in chemical biology, synthesis, and computational chemistry. The 2024 symposium will feature keynote seminars from leading local academics & industrial chemists, as well as short talks from students, postdocs, and industry researchers. A lively poster session promises a much-anticipated return to networking with local chemists through this opportunity to learn about cutting-edge chemistry across the Bay Area's outstanding institutions.
